Special Bulk Waste Collection Application and Agreement

As a part of the Neighborhood Services Program, the Public Works Department has implemented a program to accommodate residents with special bulk item collection needs (i.e. spring cleaning, moving in or out, etc.). This program allows residents to pay a per use fee for special pickup of large household (bulk) items from their home. This program is available in addition to the curbside collection of large household (bulk) items. Only large household items that would normally be collected as a part of the bulky item collection are acceptable. No televisions or computers, hazardous materials, yard waste, building construction debris/materials, concrete, bricks, landscaping stones/boulders or household trash permitted.

PROGRAM GUIDELINES AND REQUIREMENTS:

- Residents should **come** to the Public Works (3rd Floor in City Hall) to complete a special bulk waste application and agreement, pay the fee and schedule the pick up or **call** 862-6767, ext. 8560 to complete the application over the phone and send a check to schedule the pickup (or visit www.ucitymo.org and click on the Public Works link).
- Residents must pay the fee in advance and sign the special bulk waste pick-up agreement before the city will schedule the collection.
- The Sanitation Division will pick-up bulk items placed at the curbside on the next available pick-up date.
- Residents will need to reserve a special bulk collection at least 7 days in advance.
- Bulk pickup will be scheduled upon receipt of payment and a completed application and agreement.
- Household bulky items include sofas, chairs, mattresses, microwaves, stoves, refrigerators (doors must be removed), dishwashers, fans, lamps, tables, carpet, etc.
- All outstanding accounts (bills) to the City of University City must be paid before using this service.
- **NO REFUNDS will be given once bulk collection has been scheduled.**

Program Fees:

- $25 fee per item with a $200 maximum fee for up to ten (10) pick-up items.
- Items must be placed at the curbside no earlier than 24 hours before the scheduled collection.
