UCITY DOG PARK

The U City Dog Park is open! It is located at the corner of Vernon and Pennsylvania. At this time, the large dog section of the park is open, while the small dog section remains closed. The Parks, Recreation and Forestry department have begun the process of making necessary repairs due to damages from the flood. More progress to be made in the coming weeks.

Tuesday meeting rather than usual Monday meeting

TUESDAY, JUNE 20 @ 5:30 p.m.
City Council Study Session - FY24 Budget

new date due to Juneteenth holiday

University City Fire Department ***SAFETY TIP***

The popularity of electric bikes and electric scooters (e-bikes and e-scooters) has taken off over the past few years. Lithium-ion batteries are usually the source of power for both, and if not used correctly, or if damaged, those batteries can catch on fire or explode. Whether you use e-bikes or e-scooters as your main way of getting around, or just for fun, there are important safety tips to keep in mind when charging or storing these devices.

- Always follow the instructions from the manufacturer.
- Only use the battery and the charger that were designed for, and came with, the device.
- Do not keep charging the device or device battery after it is fully charged.
- Only charge one device or device battery at a time to prevent overloading the circuit.
- Keep batteries at room temperature when possible. Do not charge them at temperatures below 32°F (0°C) or above 105°F (40°C).
- Do not store batteries in direct sunlight or inside hot vehicles and keep them away from children and liquids.
- Do not put lithium-ion batteries in the trash. Recycling is always the best option.
