FALL 2023

U City Library Reopens in Renovated Permanent Space

After almost two years in a temporary space, the University City Public Library reopened in late June at its permanent home, 6701 Delmar Blvd. The beautifully renovated library features an expanded youth services department, three new study rooms, new technology makerspace, compact shelving in the basement storage area and updated bathrooms, lighting and public seating areas.

Equally important, though not as visible, updates were made to the electrical, plumbing and HVAC systems. In addition to increasing energy efficiency, hazardous materials were removed. Exterior updates included re-grading the parking lot and north entry to meet ADA accessibility requirements.

Thanks to good planning, the Library retained the artwork, bricks and comfortable seating that have made it a popular destination in U City since the building first opened in 1969.
