These permits will replace the existing red and white permits that are in use city-wide. The new permits will allow residents and their visitors to park on the specific street where they reside; these permits will not authorize parking on other streets in University City where parking is restricted. **Enforcement of the new permit requirements will begin January 22, 2024**. Written warnings (no fines) may be given during the transition period between December 18, 2023, and January 22, 2024, to assist with a proper conversion.

Residents will need to obtain the new Residential and Visitor Parking Permits between December 18, 2023, and January 22, 2024, from the University City Police Department Record Room Information Window, during normal business hours, Monday through Friday, 8:00 a.m. until 5:00 p.m. To obtain Residential Parking Permits, the resident must show a photo ID that shows their current University City address, a copy of their Occupancy Permit, and current registration for each vehicle; the registration must be valid (current) and show each vehicle is registered to someone who is listed on the Occupancy
