# Executive Summary

# 2023 City of University City Community Survey Executive Summary

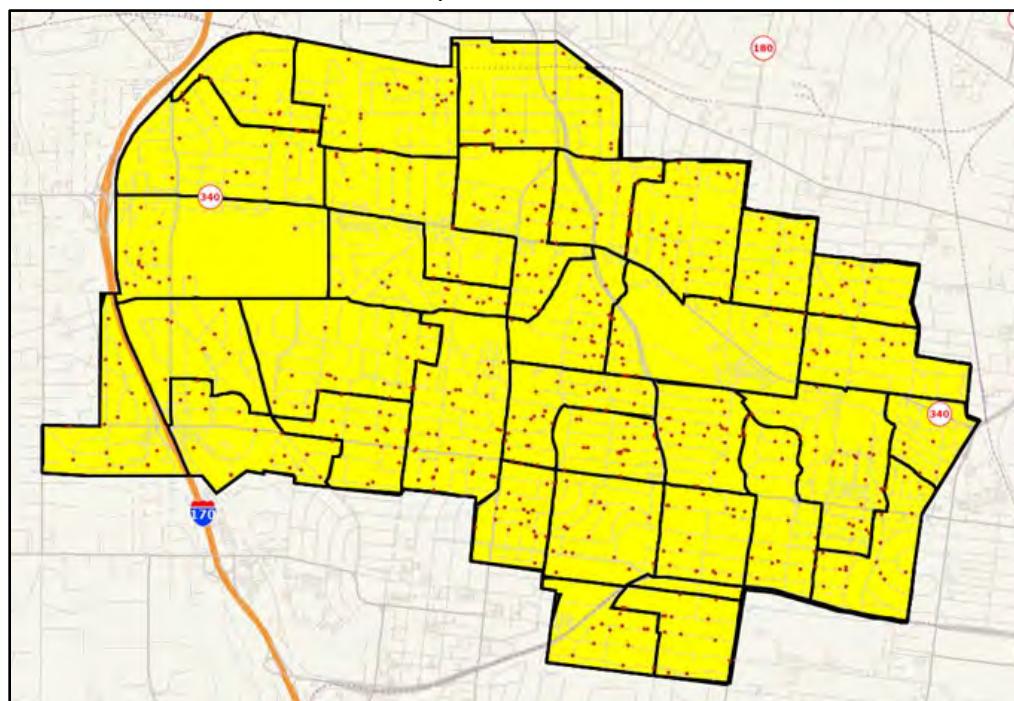

## Purpose

During the fall of 2023, ETC Institute administered a survey to residents living in the City of University City. The purpose of the survey was to receive resident input on City programs and services. The information compiled from this survey will be used to improve existing programs and services and to help determine future investment decisions. This is the third community survey ETC Institute has administered for University City; previous surveys were conducted in 2019 and 2021.

## Methodology

The six-page survey, cover letter, and postage-paid return envelope were mailed to a random sample of households in the City. The cover letter explained the purpose of the survey and encouraged residents to return their surveys in the mail or complete the survey online at [UniversityCityGov.org](http://UniversityCityGov.org). Approximately 10 days after the surveys were mailed, residents who received the survey were sent a follow-up reminder to encourage participation.

The goal was to receive at least 600 completed surveys. This goal was met, with a total of 608 households completing a survey. The results for the random sample of 608 households have a 95% level of confidence with a precision of at least  $\pm 4.0\%$ . In order to understand how well services are being delivered in different areas of the City, ETC Institute geocoded the home address of respondents to the survey. The map to the right shows the physical distribution of respondents to the resident survey based on the location of their home.

# 2023 City of University City Community Survey

## Executive Summary

**Interpretation of “Don’t Know” Responses.** The percentage of “don’t know” responses has been excluded from many of the graphs in this report to assess satisfaction with residents who had used City services and to facilitate valid comparisons with other communities in the benchmarking analysis. Since the number of “don’t know” responses often reflects the utilization and awareness of City services, the percentage of “don’t know” responses has been included in the tabular data in Section 5 of this report. When the “don’t know” responses have been excluded, the text of this report will indicate that the responses have been excluded with the phrase “*who had an opinion*.”

This report contains the following:

- a summary of the methodology for administering the survey and major findings
- charts and graphs showing the overall results for the survey and comparisons to the 2019 and 2021 survey results (Section 1)
- benchmarking analysis comparing University City’s results to national and regional averages (Section 2)
- Importance-Satisfaction analysis showing investment priorities for the City (Section 3)
- cross-tabular data showing the overall survey results by City Ward (Section 4)
- tabular data showing the overall results for all questions on the survey (Section 5)
- a copy of the cover letter and survey instrument (Section 6)

## Major Findings

### Satisfaction with Major City Services

- Eighty-one percent (81%) of respondents, *who had an opinion*, are “very satisfied” or “satisfied” with public safety services (police and fire); 71% are satisfied with parks and recreation programs and facilities, 67% are satisfied with the flow of traffic and congestion management in the City, and 62% are satisfied with customer service they receive from City employees.
- Based on the sum of their top three choices, the City services that respondents indicated should receive the most emphasis over the next two years are: 1) maintenance of City streets, 2) public safety services (police and fire), and 3) parks and recreation programs and facilities.

### Perceptions of the Community

- Respondents were asked to rate various items that influence their perceptions of the community. Seventy-seven percent (77%), *who had an opinion*, rated the quality of life in the City as “excellent” or “good.” Other items that residents rated “excellent” or “good” include: quality of services provided by the City (71%), quality of new commercial development in the City (63%), quality of special events/cultural opportunities (63%), and image of the City (60%).

# 2023 City of University City Community Survey

## Executive Summary

### Satisfaction with Public Safety Services

- Eighty-two percent (82%) of respondents, *who had an opinion*, are “very satisfied” or “satisfied” with the competency of the University City Fire Department; 81% are satisfied with the quality of the Fire Department, 80% are satisfied with how quickly the Fire Department responds, 73% are satisfied with the treatment of citizens by the Police Department, and 72% are satisfied with the competency of the Police Department.
- Based on the sum of their top three choices, the public safety services that respondents indicated should receive the most emphasis over the next two years were: 1) City’s efforts to prevent crime, 2) visibility of police in neighborhoods, and 3) Police Department engagement within the community.

### Satisfaction with City Maintenance/Public Works

- Sixty-six percent (66%) of respondents, *who had an opinion*, are “very satisfied” or “satisfied” with the maintenance of street signs and traffic signals; 64% are satisfied with the adequacy of street lighting in business districts, 62% are satisfied with the landscaping/appearance of areas along streets, and 59% are satisfied with the maintenance of City buildings.
- Based on the sum of their top three choices, the public safety services that respondents indicated should receive the most emphasis over the next two years were: 1) the condition of sidewalks, 2) tree trimming/replacement program, and 3) adequacy of residential street lighting.

### Satisfaction with Waste Collection Services

- Eighty-eight percent (88%) of residents surveyed, *who had an opinion*, are “very satisfied” or “satisfied” with the quality of residential trash collection services; 82% are satisfied with the quality of recycling collection services, and 82% are satisfied with curbside recycling.

### Satisfaction with Maintenance of City Streets

- Fifty-nine percent (59%) of respondents, *who had an opinion*, are “very satisfied” or “satisfied” with the frequency of leaf collection services; 59% are satisfied with the quality of street cleaning services, 49% are satisfied with the quality of snow removal services, and 44% are satisfied with the frequency of street cleaning services.

### Satisfaction with Parks and Recreation Services

- Eighty-seven percent (87%) of respondents, *who had an opinion*, are “very satisfied” or “satisfied” with how close neighborhood parks are to their home; 73% are satisfied with the maintenance of City parks, 68% are satisfied with the number of walking and biking trails in parks, 66% are satisfied

# 2023 City of University City Community Survey

## Executive Summary

with Ruth Park Golf Course, 64% are satisfied with the quality of walking and biking trails in parks, and 64% are satisfied with the number of outdoor athletic fields.

- Based on the sum of their top three choices, the parks and recreation services that respondents indicated should receive the most emphasis over the next two years were: 1) the maintenance of City parks, 2) the quality of walking and biking trails in parks, and 3) availability of information about parks and recreation programs.
- Respondents were also asked about priorities for various parks and recreation initiatives. Based on the sum of their top three choices, the highest priorities were: 1) feeling of safety in City parks, 2) park maintenance, and 3) neighborhood park improvements.

### **Satisfaction with Transportation Services**

- Seventy-six percent (76%) of residents surveyed, *who had an opinion*, are “very satisfied” or “satisfied” with the ease of travel from home to work; 74% are satisfied with the ease of north/south travel, 70% are satisfied with the ease of east/west travel, 68% are satisfied with the ease of travel from home to schools, and 64% are satisfied with the availability of parking in residential areas.

### **Satisfaction with Code Enforcement Services**

- Forty-five percent (45%) of residents surveyed, *who had an opinion*, are “very satisfied” or “satisfied” with the enforcement of mowing and trimming of lawns on private property; 44% are satisfied with the enforcement of codes designed to address public safety and nuisance issues, and 43% are satisfied with the enforcement of the maintenance of residential properties (exterior of homes).

### **Satisfaction with Customer Service**

- Forty-five percent (45%) of residents surveyed indicated they had contacted the City with a question, problem, or complaint during the past year. Of those, 75% *who had an opinion* were “very satisfied” or “satisfied” with how courteously they were treated by City employees, and 68% were satisfied with the technical competence and knowledge of City employees who assisted them.

# 2023 City of University City Community Survey Executive Summary

## How University City Compares to Other Communities in the Plains Region

Satisfaction ratings for University City were above the average for the Plains Region in 32 of the 41 areas that were assessed on the survey. The City rated significantly higher than the Plains Region (difference of 4% or more) in 29 of these areas. The table below shows how University City compares to the Plains regional average:

Service	University City	Plains Region	Difference	Category
Curbside recycling	81.6%	48.9%	32.7%	Waste Collection Services
Drop-off recycling Location	69.9%	39.8%	30.1%	Waste Collection Services
Quality of residential trash collection services	88.3%	62.4%	25.9%	Waste Collection Services
Quality of yard waste collection services	70.0%	45.7%	24.3%	Waste Collection Services
Effectiveness of fire prevention/safety programs	66.5%	43.2%	23.3%	Public Safety Services
Effectiveness of City communication with citizens	58.8%	37.2%	21.6%	Major City Services
Customer service you receive from City employees	61.8%	42.0%	19.8%	Major City Services
Quality of services provided by the City	71.0%	51.7%	19.3%	Community Perception Ratings
Parks and recreation programs and facilities	70.7%	52.0%	18.7%	Major City Services
How well City is planning/managing redevelopment	53.9%	36.7%	17.2%	Community Perception Ratings
Flow of traffic and congestion mgmt in the City	66.6%	49.9%	16.7%	Major City Services
Value received for City tax dollars & fees	49.4%	32.8%	16.6%	Community Perception Ratings
Availability of information about City programs/services	55.5%	39.7%	15.8%	City Communication
How open City is to public involvement & input from residents	48.2%	33.8%	14.4%	City Communication
How quickly Fire Department responds	80.4%	67.0%	13.4%	Public Safety Services

# 2023 City of University City Community Survey

## Executive Summary

### Investment Priorities

**Recommended Priorities for the Next Two Years.** In order to help the City identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance residents placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with City services over the next two years. If the City wants to improve its overall satisfaction rating, the City should prioritize investments in services with the highest Importance-Satisfaction (I-S) ratings. Details regarding the methodology for the analysis are provided in Section 3 of this report.

**Overall Priorities for the City by Major Category.** This analysis reviewed the importance of and satisfaction with major categories of City services. This analysis was conducted to help set the overall priorities for the City. Based on the results of this analysis, the major services that are recommended as the top priorities for investment over the next two years in order to raise the City's overall satisfaction rating are listed below:

- Maintenance of City streets (I-S Rating = 0.3583)
- Enforcement of City codes and ordinances (I-S Rating = 0.1727)
- Effectiveness of City communication with citizens (I-S Rating = 0.1199)
- Parks and recreation programs and facilities (I-S Rating = 0.1151)

The table on the following page shows the Importance-Satisfaction rating for all 8 major City services that were rated.

## Benchmarking Analysis

# Benchmarking Analysis

## Overview

ETC Institute's *DirectionFinder*® program was originally developed in 1999 to help community leaders use statistically-valid community survey data as a tool for making better decisions. Since November 1999, the survey has been administered in more than 500 cities and counties in 49 states. Most participating communities conduct the survey on an annual or biennial basis.

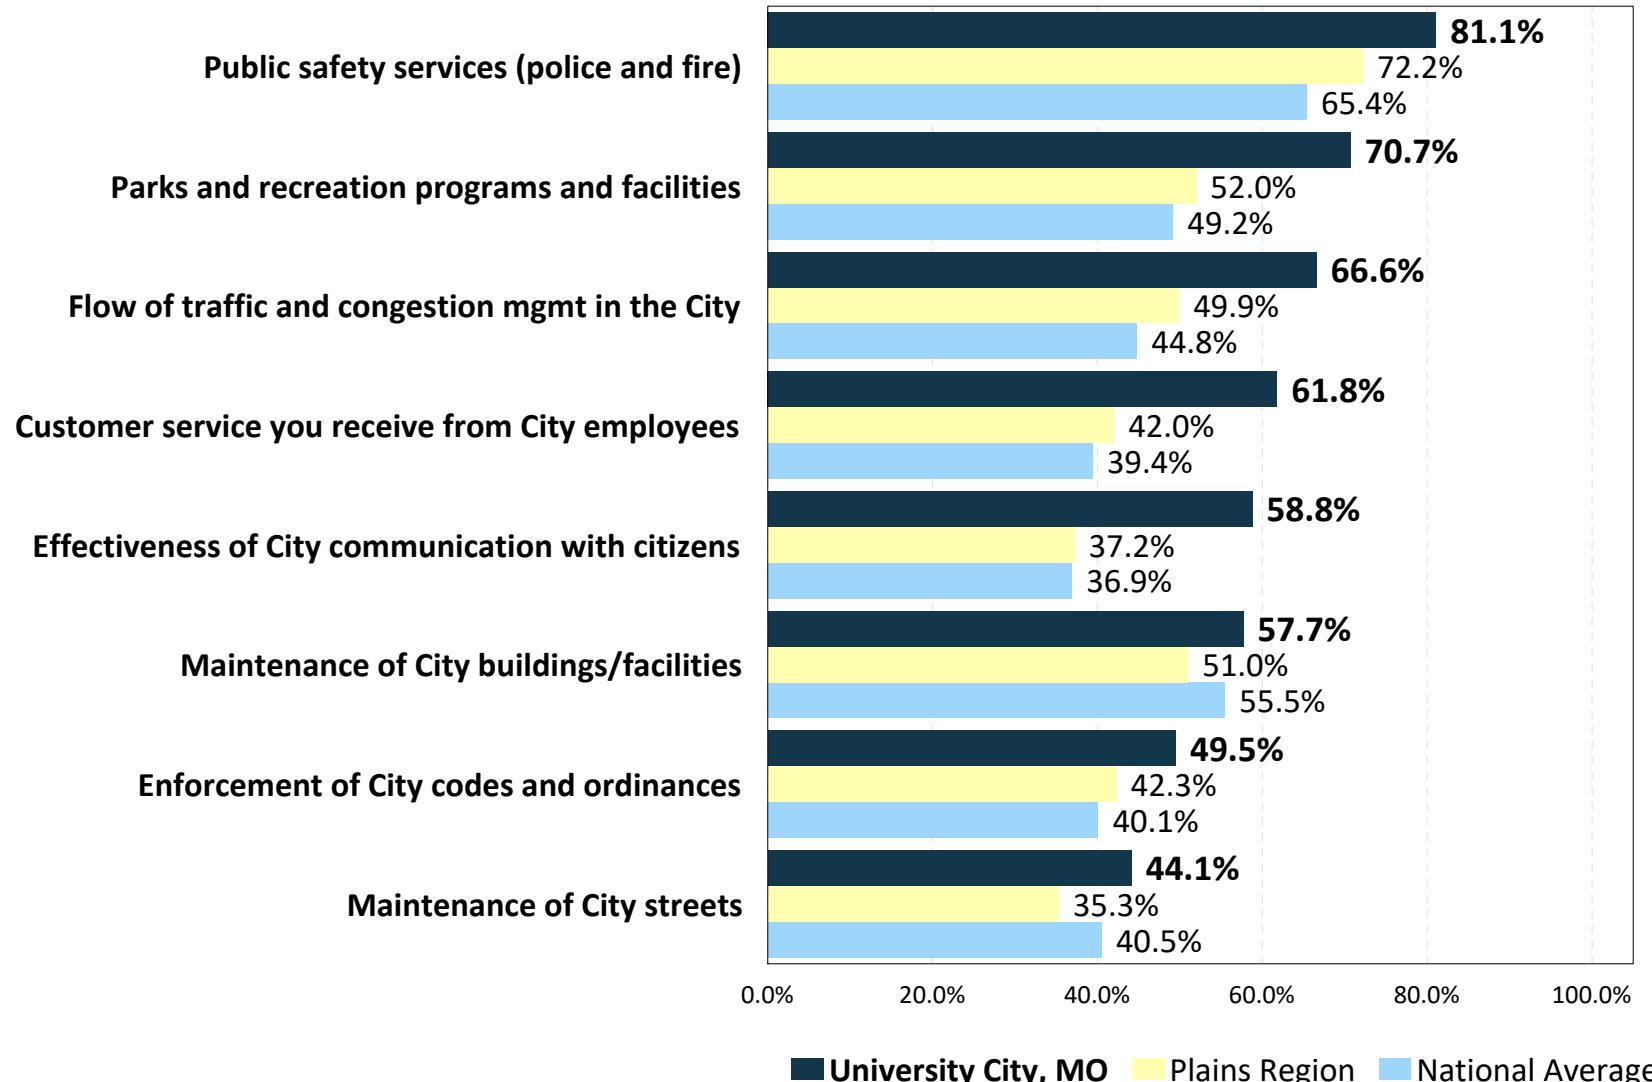

This report contains benchmarking data from two sources: (1) a national survey that was administered by ETC Institute during the summer of 2023 to a random sample of over 10,000 residents in the continental United States and (2) a regional survey that was administered by ETC Institute during the summer of 2023 to a random sample of residents living in the Plains Region of the United States. The Plains Region includes the states of Illinois, Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, Oklahoma, South Dakota, Wisconsin.

The charts on the following pages show how the results for University City compare to the national average and the Plains regional average. The dark blue bar shows the results for University City. The yellow bar shows the Plains regional average from communities that administered the *DirectionFinder*® survey during the summer of 2023. The light blue bar shows the results of a national survey that was administered by ETC Institute to a random sample of more than 10,000 U.S. residents during the summer of 2023.

## Importance-Satisfaction Analysis

# Importance-Satisfaction Analysis

## Overview

Today, community leaders have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (I-S) rating is a unique tool that allows public officials to better understand both of these highly important decision-making criteria for each of the services they are providing. The Importance-Satisfaction (I-S) rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low, and the perceived importance of the service is relatively high.

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services to households. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the City's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "Don't Know" responses). "Don't Know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable.

$$\text{I-S Rating} = \text{Importance} \times (1 - \text{Satisfaction})$$

## Example of the Calculation

Respondents were asked to identify the major City services that were most important to their household. Nearly two-thirds of the respondents surveyed (64.1%) selected "*maintenance of City streets*" as one of the most important City services to emphasize over the next two years.

With regard to satisfaction, 44.1% of respondents surveyed rated "*maintenance of City streets*" as a "4" or "5" on a 5-point scale (where "5" means "Very Satisfied") excluding "don't know" responses. The I-S rating was calculated by multiplying the sum of the most important percentages by one minus the sum of the satisfaction percentages. In this example, 64.1% was multiplied by 55.9% (1-0.441). This calculation yielded an I-S rating of 0.3583, which ranked first out of eight major City services analyzed.

# Importance-Satisfaction Analysis

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices of importance and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one of the three most important areas.

## Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- Definitely Increase Emphasis ( $I-S > 0.20$ )
- Increase Current Emphasis ( $I-S = 0.10 - 0.20$ )
- Maintain Current Emphasis ( $I-S < 0.10$ )

The results for the City of University City are provided on the following pages.

# 2023 City of University City Community Survey

## Importance-Satisfaction Analysis Ratings

### Overall Satisfaction with Major City Services

University City, Missouri

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
<b>Very High Priority (I-S &gt; 0.20)</b>

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

**Most Important %:**

The "Most Important" percentage represents the sum of the first, second, and third most important responses for each item. Respondents were asked to identify the items they thought should receive the most emphasis over the next two years.

**Satisfaction %:**

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding 'don't knows.' Respondents ranked their level of satisfaction with the each of the items on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

## Survey Instrument

**Mayor Terry Crow**

6801 Delmar Blvd. University City, Missouri 63130, Phone: 314.505.8506, Fax: 314.863.9146

Dear Resident,

The past year for University City has been full of excitement and change. We have been celebrating our Parks Centennial Anniversary and our City has seen economic growth with the opening of Costco and soon-to-be openings of Chase Bank, Chick-fil-A, Raising Cane's, Chipotle, First Watch and St. Louis Bread Co. at the Market at Olive Development. We launched the Housing and Third Ward Revitalization Task Force, and we welcomed the new QuikTrip located at Olive Boulevard and North and South Road. As we continue to grow and create a brighter future for U City, ***we need to hear from you!***

To ensure that we are providing the best services to the residents of University City, we are continuously looking for ways to improve. **I am asking you to share your thoughts and suggestions on the services the City currently provides and how we can improve or better serve your needs and expectations as University City residents.**

***Please complete and return your survey within the next two weeks...***

Please take a few minutes to fill out the enclosed survey and share your feedback. The time you take to fill out the survey will influence decision making of the University City Council and the services we provide. You can return the completed survey in the envelope provided or you can fill out the survey online at [UniversityCityGov.org](http://UniversityCityGov.org).

Thank you in advance for your participation and help in shaping the future of University City. Questions? Contact Assistant City Manager Rajaye Smith at 314.505.8557 or at [rsmith@ucitymo.org](mailto:rsmith@ucitymo.org).

Sincerely,

Terry Crow  
Mayor, City of University City

*Individual responses to the survey will remain confidential. All survey data will be compiled and analyzed by ETC Institute, one of the nation's leading governmental research firms. ETC representatives will present survey results to the City this spring.*

# 2023 City of University City Community Survey

Please take a few minutes to complete this survey. Your input is an important part of the City's ongoing effort to identify and respond to resident priorities. Please complete and return your survey using the enclosed postage-paid return reply envelope. You may also complete the survey online at [universitycitygov.org](http://universitycitygov.org).

**1. Overall Satisfaction with City Services. Please rate your satisfaction with the quality of the following.**
