

January 26, 2024

U City 2023 Annual Report is now LIVE

The annual report highlights some of the many successes for University City over the course of the previous year. During the year, the leadership of our Mayor and Council combined with the work of our dedicated staff has enabled University City to continue to advance important strategic initiatives. UCFD Winter Safety Tip

When the weather turns cold, it can bring a chill into our homes. Portable space heaters have become a popular way to supplement central heating or heat one room. If you plan to use portable electric space heaters, make sure to follow these tips and recommendations:

- Keep the heater at least 3 feet away from anything that can burn, including people.
- Choose a heater with a thermostat and overheat protection.
- Place the heater on a solid, flat surface.
- Make sure your heater has an auto shut-off to turn the heater off if it tips over.
- Keep space heaters out of the way of foot traffic. Never block an exit.
- Keep children away from the space heater.
- Plug the heater directly into the wall outlet. Never use an extension cord.
- Space heaters should be turned off and unplugged when you leave the room or go to bed.
