

July 19, 2024

Annex + Trinity Renovation Underway

You may begin to see activity underway as early as this week. The first phase of work will be abatement of hazardous materials from the buildings. This will be done in accordance with all regulations and a permit to do so has been obtained through St. Louis County, the local regulatory agency for this work.

Parking at City Hall will be affected. Additional parking will be available at Municipal Lot 4 at no cost.

Ruth Park Golf Course Renovation Project

The University City community will undergo a major improvement project at Ruth Park Golf Course expected to begin July 22, 2024. The project involves relocating 46,000 cubic yards of dirt from the Market at Olive Development, with the aim of constructing two additional forward tees at Hole 1, creating a new practice green, and adding two acres of grass tee space at the driving range.

This 28-day operation will see approximately 200 trucks per day, impacting local traffic and causing dirt and noise pollution. *Golfers will experience the closure of Hole 1's tee box for 30 days, half of the parking lot for a week, and the driving range for about three months.* The city will keep residents informed through updates on its website, news releases, flyers, and postings at the golf course, ensuring transparency and addressing any concerns during the project's duration.

July is National Parks & Recreation Month

Since 1985, the nation has celebrated July as Park and Recreation Month. A program of the National Recreation and Park Association (NRPA), the goal is to raise awareness of the essential services that parks and recreation professionals provide to our communities.

Come out and celebrate in one of our many parks with your friends and family!!

Shoutout to our own very own U City Parks and Recreation staff for all that they do for U City!
