FALL 2024

Work Underway on Annex and Trinity Building Renovations

Following a groundbreaking ceremony August 1, work has begun on preparing the Annex and Trinity Buildings to be renovated into a state-of-the-art Police Department and Municipal Courts Building, respectively. Midwest Services Group is currently conducting abatement and asbestos removal starting with the Trinity building. Abatement on both buildings will be completed by the end of the year when general contractor, ICS Construction Services, Ltd., will begin construction. The anticipated completion date for both buildings is March 2026.

Trinity, built in 1934, is a two-story, 8,512-sq.-ft. building that was used as the University City Public Library for nearly six decades until the 1960s. The Annex, built in 1903, is a three-story plus basement, nearly 36,000-sq.-ft. property that served as the Police Department headquarters for nearly eight decades until 2016, when it was condemned, resulting in the Department's relocation to temporary trailers on the parking lot behind City Hall.

The active construction site will impact parking at City Hall and Municipal Lot 4 will be used for overflow parking. There is no cost to park in Municipal Lot 4.
