Stay Safe and Warm During the Winter Season

Winter is upon us, and the City of University City wants to ensure all residents are prepared for cold weather conditions. As temperatures drop, it's important to take steps to stay safe, warm, and healthy. Here are some tips and resources to help you and your family navigate the season:

Prepare Your Home

- Seal any drafts around doors and windows to keep the cold out and reduce heating costs.
- Ensure your heating system is functioning properly and replace air filters regularly.
- Keep an emergency kit with flashlights, extra batteries, blankets, and non-perishable food in case of power outages.

Stay Safe Outdoors

- Dress in layers and cover exposed skin to prevent frostbite.
- Be cautious when walking or driving on icy surfaces. Salt or sand your walkways and driveways to reduce slipping hazards.
- Limit time outdoors during extreme cold and monitor local weather updates.
- Help Your Neighbors

- Check on elderly or disabled neighbors to ensure they have adequate heat and supplies.
- Keep an eye on pets and bring them indoors during freezing weather.
