Stay Cool at the University City Public Library

As temperatures rise, University City reminds residents that the University City Public Library is an official designated cooling center. Residents are encouraged to take advantage of this safe, air-conditioned location during periods of excessive heat.

Address: 6701 Delmar Boulevard

Phone: 314-727-3150

Hours:

Monday–Friday: 9:00 a.m. – 9:00 p.m.

Saturday: 9:00 a.m. – 5:00 p.m.

Sunday: 1:00 p.m. – 5:00 p.m.

Cooling centers are activated when the National Weather Service issues an

Excessive Heat Advisory or Warning. These advisories are issued when the heat index is expected to reach at least 105°F, or the air temperature climbs to 100°F or more. Warnings occur when even higher and more prolonged heat conditions are forecasted.

University City encourages all residents—especially older adults, young children, and those without air conditioning—to take shelter in cooling centers to avoid heat-related illness. Please check on your neighbors and stay hydrated.

For more resources or information about other cooling centers throughout the region, residents can call 2-1-1 or visit [unitedway.org](https://www.unitedway.org).

Help First Responders Help You: Make Sure Your House Number Is Visible

In an emergency, every second counts. Make sure first responders can quickly find your home by ensuring your house number is clearly visible from the street—both day and night.

Place numbers in a well-lit area near your front door.

Use large, contrasting numbers that are easy to read from the road.

Don't rely solely on your mailbox—mailboxes can be missed or blocked.

Visible house numbers save time—and lives. Check yours today!
