

University City Mayor's Youth (Teen) Task Force Survey Summary

In an effort to ensure that the City of University City is focusing enough energy, attention and funding on two important constituent groups in our community – elders and youth – a Mayor's Task Force on Seniors & Youth has been established.

This task force is being charged with doing the education and community outreach needed to determine:

- the assets that exist within University City and the larger regional community (aka "asset inventory") that are accessible to University City seniors and youth; and
- the needs and desires of each group (aka "needs survey") that are currently not being met or fulfilled by existing assets available to the above groups.

Below is the summary of the 6 month needs survey completed by 509 University City teens conducted by the University City Mayor's Youth (Teen) Task Force.
