CONTRACT TIME:

If awarded the Contract, the Undersigned agrees to complete the work within **Three Hundred (300) calendar days** of the commencement of the Contract time, as defined in the General Conditions of the Contract.

LIQUIDATED DAMAGES:

Since time is of the essence in this Contract, it is agreed that the Owner would suffer loss by the failure of the Contractor to have said work completed in all its parts on said day, and as it might be difficult and expensive to accurately compute the amount of such loss, in order to avoid such expense and difficulty, the Contractor expressly covenants and agrees to pay the Owner the sum of \$200.00 per day for each and every day, Sunday and legal holidays only excepted, after said one hundred fifty (150) calendar days have expired during or upon which said work or any part thereof remains incomplete and unfinished, not as a penalty but as the liquidated actual losses which the Owner will suffer on account of any failure on the part of the Contractor to have the said work completed in all its parts on said day; and that any sum which may be due the Owner for such losses may be deducted and retained by the Owner from any balance which may be due the Contractor when the said work shall have been finished and accepted as hereinafter provided. It is, however agreed that in case any failure to complete the said work or some part thereof on said day shall be due to any cause beyond the Contractors control, the Director may, with the approval of the Owner, grant an extension of time.

If in the opinion of the Director of Parks, Recreation and Forestry any part of the work cannot be carried on to completion because of unsuitable weather, work will be suspended by written order and the calendar day count discontinued.

NOW, THEREFORE, THE CONDITIONS OF THIS OBLIGATION ARE AS FOLLOWS:

1. The Surety shall become liable on this obligation if the Principal fails to fulfill the following conditions: The Principal shall faithfully perform the Contract on its part, and satisfy all claims and demands incurred by the Principal in the performance of the Contract, (including any maintenance or guarantee period provided in the Contract and any warranty as may be applicable by law), and shall fully indemnify and save harmless the City from all cost and damages which the City may suffer by reason of the failure of the Principal to do so, and shall fully reimburse and repay to the City all costs, damages, and expenses, which shall include reasonable attorney's fees, which the City may incur in making good any default by the Principal, including but not limited to, any default based upon the failure of the Principal to complete the work required by and in accordance with the Contract or failure to fulfill its obligation to furnish maintenance, repairs or replacements for any period of time after the work is completed as provided for in the Contract, and shall provide for prosecution of the work required by the Contract whether by Subcontract or otherwise, and shall pay all valid claims and demands whatsoever, and shall defend, indemnify and hold harmless the City and its agents against loss or expense from bodily injury, including death, or damage or destruction of property, including loss of use resulting therefrom, arising out of or resulting from the performance of the work. 4.2 AWARD OF SUBCONTRACTS AND OTHER CONTRACTS FOR PORTIONS OF THE WORK

4.2.1 Unless otherwise specified in the Contract Documents or in the Instructions to Bidders, the Contractor shall submit a completed and signed Subcontractor Approval form, along with other required Bid documents to the City. Contractor shall complete and submit a Supplemental Subcontractor Approval form to the City in the event of any substitution or addition of a Subcontractor by the Contractor. The Contractor shall be held responsible, in addition to the submission of the "Subcontractor Approval Form," to appraise the City of any additional work that a Subcontractor accrues throughout the duration of the project. This shall include work for the City under a different Contract, or any other person or entity. If such said additional work shall detrimentally impact the progression of the Work under this Contract, the City retains the right to require the Contractor to submit a substitute Subcontractor for this work at no additional cost to the City.

4.2.5 The Contractor shall not contract with any Subcontractor or any person or organization (including those who are to furnish materials or equipment fabricated to a special design), for proposed proportions of the Work designated in the Contract Documents or in the Instruction to Bidders or, if none is so designated, with any Subcontractor proposed for the principal portions of the Work, who has been rejected by the City.

4.2.7 The Contractor shall not make any substitution for any proposed Subcontractor or person or organization that has not been accepted by the City prior to the Contract Award, unless the substitution is accepted by the City in writing prior to such substitution.

4.4 PAYMENTS TO SUBCONTRACTORS

4.4.1 The Contractor shall pay each Subcontractor upon receipt of payment from the City, an amount equal to the percentage of completion allowed to the Contractor on account of such Subcontractor's Work, less the percentage retained from payments to the Contractor. The Contractor shall also require each Subcontractor to make similar payments to his Subcontractors.

The Contractor shall immediately contact the project engineer if this condition occurs. The project engineer and the Contractor shall agree upon the existence of unsuitable subgrade, the depth in which to remove the unsuitable soil, and the extent of the problem area prior to any additional work. No payment will be made for any area that undergoes additional excavation that is not indicated in the above scope of work and has not been approved by the project engineer prior to the excavation. All additional excavation that becomes necessary shall be paid at the unit bid price for "Excavation." The City reserves the right to contract with a separate contractor for the use of a soil stabilization process. No direct payment will be made for delays incurred due to this process and the Contractor's only compensation will be the allotment of additional days for the delay. The number of days shall be from the time the Contractor initially notifies the City of an unsuitable subgrade condition and until two days after the completion of the soil stabilization process.

5.2 MUTUAL RESPONSIBILITY OF CONTRACTORS

5.2.1 The Contractor shall afford other contractors' reasonable opportunity for the delivery and storage of their materials and equipment and the execution of their work and shall properly connect and coordinate the Work with theirs.

5.2.2 If any part of the Work depends for proper execution or results upon the work of any other separate contractor, the Contractor shall inspect and promptly report to the City any apparent discrepancies or defects in such work that render it unsuitable for proper execution of the Work. Failure of the Contractor so to inspect and report shall constitute an acceptance of the other contractor's work as fit and proper to receive the Work, except as to defects which may develop in the other contractor's work after the execution of the Contractor's Work that could not have been discovered by the Contractor upon reasonable inspection.
